Notes to Membership Levels

1. Artists will be present whenever possible. Art Crawl dates mean some artists may not be available, and in the case of collaborative art, not all artists may be able to attend.
2. A tax receipt will be issued for membership amount less costs of goods and services provided.
3. Discounts apply to immediate family members only.
4. Your party must be scheduled within the valid membership year. Your Private Creative Party will include all instructors and materials required. The Print Studio will also provide creative direction as needed. Food and refreshments can be arranged and/or provided by The Print Studio at an additional cost or participants may supply their own.
5. The size and value of the Limited Edition Print will vary depending on the artist. The Print Studio will choose a different artist each year to produce the Member's print.
